Summary

Full-Stack Developer with over 1 year of hands-on experience building and deploying web and mobile applications across EdTech, healthcare, and e-commerce. Delivered relational MySQL schemas, Razorpay/Whop webhook payment pipelines, an active clinic CRM, and a creator plugin with **20+ activated licenses** running local AI models (**Whisper, IndicTrans2**). Maintained a **500+ day GitHub streak** and solved **200+ LeetCode problems**.

Education

Nawab Shah Alam Khan College of Engineering & Technology (NSAKCET) 2026 – 2028 (Expected)
Master of Computer Applications (MCA) Hyderabad, India

St. Joseph Degree College 2023 – 2026
Bachelor of Computer Applications (BCA) – CGPA: 8.3 Hyderabad, India

International Indian School Jeddah 2011 – 2020
Primary to Higher Secondary Education Jeddah, Saudi Arabia

Technical Skills

Languages: JavaScript, TypeScript, SQL
Frontend: React, Next.js, React Native, Tailwind CSS, Redux Toolkit, TanStack Query, Expo
Backend: Node.js, Express.js, REST APIs, Socket.IO
Databases: MySQL, PostgreSQL, MongoDB
Tools & Deployment: Git, AWS S3, Vercel, Render, VPS/cPanel deployment
Integrations & AI: Razorpay, Whop, Whisper, IndicTrans2

Experience

Tech Students 08/2025 – 08/2026
Product Developer | Live (Beta) Remote

- Designed a **relational MySQL database** across 15+ modules, with shared authentication and separate role-specific profiles.
- Engineered a multi-track LMS with **5 course tracks**, cohorts, hackathons, and a **dynamic template engine generating QR-verifiable certificates** and PDF admit cards.
- Implemented **Razorpay checkout workflows** and webhook handlers across **multiple product categories** to reliably provision course and subscription access upon payment.
- Created **6+ role-based dashboards** and integrated real-time video classrooms with **Socket.IO chat**, deployed on **Hostinger VPS**.

Infiposts Private Limited 05/2025 – 11/2025
Full Stack Developer Intern Remote

- Shipped frontend social platform features including post feeds, stories, notifications, and **real-time chat**, integrating with backend **REST APIs and WebSockets**.

Freelance Full-Stack Developer 06/2025 – 09/2026
Independent Clients & Products Remote

- **Klipp** | Live 07/2026 – 09/2026
  - Architected an **Adobe After Effects plugin** integrating **Whisper and IndicTrans2 models** for offline AI transcription and subtitle translation, with **20+ licenses activated** by creators using it.
  - Built a **Next.js licensing portal** and Node.js backend; integrated **Razorpay and Whop webhooks** to automate license key delivery and validate activations.
- **Independent Client Projects (10+)** 03/2026 – 05/2026
  - Delivered **10+ paid web applications** for BCA final-year students (placement portals, attendance systems, LMS) using **React, Node.js, and SQL**, hosted on **Vercel and Render**.
- **MS Hygiene Industries** | Auramiingo | MSEOrg | Carekov 01/2026 – 04/2026
  - Launched **3 web applications and 2 React Native apps** across client brands with catalog browsing and Razorpay checkout, supporting direct-to-consumer sales.
- **Alpro Physio Clinic** | Live 10/2025 – 01/2026
  - Developed a multi-role clinic CRM managing **50+ patient records**, **digital appointments**, and billing; offloaded PDF generation to a **microservice on Render** to stay within shared-hosting resource limits.
  - Automated clinic billing and appointment workflows with **WhatsApp** automations, sending invoices, prescriptions, and SOAP notes as PDFs; used daily by clinic staff.
- **Quwwa Health** | Live 06/2025 – 07/2025
  - Deployed a children's sports academy website with a **custom CMS** on cPanel hosting to manage program listings, schedules, and testimonials.
