Summary

Full-Stack Developer with **1+ year of professional experience** building and deploying production systems across **EdTech, healthcare, SaaS, e-commerce, and AI applications** using React, Next.js, React Native, Node.js, and MySQL.

Education

Nawab Shah Alam Khan College of Engineering & Technology (NSAKCET) 2026 – 2028 (Expected)
Master of Computer Applications (MCA) Hyderabad, India

St. Joseph Degree College 2023 – 2026
Bachelor of Computer Applications (BCA) – CGPA: 8.3 Hyderabad, India

International Indian School Jeddah 2011 – 2020
Primary to Higher Secondary Education Jeddah, Saudi Arabia

Technical Skills

Frontend: ReactJS, React Native, Next.js, TypeScript, JavaScript, Tailwind CSS, Redux Toolkit, TanStack Query, Expo
Backend: Node.js, Express.js, REST APIs, Socket.IO
Databases: PostgreSQL, MySQL, MongoDB, Redis
Tools: Git, Docker, AWS, Vercel

Experience

Tech Students 08/2025 – 08/2026
Product Developer | Live Remote

- Built a full-stack EdTech platform with **6+ role-based dashboards**, a MySQL database of **80+ tables**, and **15+ modules** – LMS, hackathons, cohorts, internships, certifications, gamification, and payments.
- Built real-time features with **Socket.IO** powering the **live class module** (sessions, chat, notifications) and an assessment engine with auto-grading and XP/badge gamification.
- Built a **coding ecosystem** (Playground & Practice) with a browser-based IDE, contests, and context-aware AI assistance integrated across the platform.

Infiposts Private Limited 05/2025 – 11/2025
Full Stack Developer Intern Remote

- Delivered core features for a **social media platform** – posts, stories, real-time chat, follow system, notifications, and a **media conversion pipeline** (audio, video, image).

Freelance Full-Stack Developer 06/2025 – 09/2026
Multiple Independent Clients & Products Remote

- **Klipp** | Live (07/2026 – 09/2026)
  - Built an Adobe After Effects CEP plugin with offline AI transcription and multi-language translation, secured by a **license-key system** with **machine/device fingerprinting**, license validation, and blocked use on unauthorized machines.
  - Built **fx.klipp.in** – a Next.js site with a full admin panel (licenses, orders, analytics, pricing) and a Node.js backend with **dual payment providers** (Razorpay + Whop); taken through **beta testing**.
- **Independent Freelance Projects** (03/2026 – 05/2026)
  - Built and deployed **10+ paid final-year projects** for **BCA students** on Vercel and Render – covering auth, dashboards, attendance, placement portals, and LMS – with **90+ pages of documentation** per project.
- **MS Hygiene Industries** | Auramiingo | MSEOrg | Carekov (01/2026 – 04/2026)
  - Launched **3 web apps and 2 React Native mobile apps** to production – including an **e-commerce platform serving live customers** – managing the full mobile delivery cycle end-to-end without a dedicated team.
- **Alpro Physio Clinic** | Live (10/2025 – 01/2026)
  - Built a **multi-role CRM** for a physiotherapy clinic (doctors, staff, admin) managing **50+ patient records**, appointments, and treatment plans.
  - Built a standalone **PDF microservice** generating invoices, prescriptions, SOAP notes, and progress reports.
- **Quwwa Health** | Live (06/2025 – 07/2025)
  - Built a **children's sports & health website** (bootcamps, summer camps, athletics programs) with a CMS admin panel for blogs and testimonials – live and receiving traffic.

Achievements

- Delivered **20+ web and mobile projects** across product, freelance, and client engagements.
- Maintains a **500+ day GitHub contribution streak** and has solved **200+ problems** on LeetCode.
